Checkfront named one of Canada's Companies-to-Watch in Deloitte's Technology Fast 50™ Awards

VICTORIA, BC — November 7th, 2019 — Today, Checkfront Inc., is thrilled to announce the acceptance of a Companies-to-Watch award from Deloitte Canada. The award spotlights emerging companies that exhibit strong growth and show potential to be a future candidate for the Technology Fast 50 award.

Checkfront's CEO, Jason Morehouse, credits a commitment to innovation, and an investment in culture with the company's early stage success. Morehouse said, "The entire Checkfront team is proud to be named one of Deloitte Canada's Companies-to-Watch. As the industry continues to mature, more travel brands look to list their experiences online, making this an exciting era for Checkfront. It is wonderful to be recognized for our achievements so far, and we will continue our commitment to sustainable growth, innovation and excellence in the work we do every day."

Companies-to-Watch winners are new companies headquartered in Canada, demonstrating superior technology, effective management experience and common traits of Deloitte Technology Fast 50™ award winners. To be eligible, candidates must also devote a significant portion of their operating revenues to creating proprietary technology or intellectual property.

"Companies-to-Watch winners deserve recognition for their early stage growth, bold entrepreneurship and forward thinking," said Erica Pretorius, Partner and National Leader for the Technology Fast 50 program at Deloitte Canada. "By demonstrating courage, seeking opportunities, and taking calculated risks, these outstanding companies are key to the success of the technology sector. Every winner should feel a sense of pride for this success, and motivation to continue striving to succeed in the future."

About the Deloitte Technology Fast 50™ - The Deloitte Technology Fast 50 program is Canada's pre-eminent technology awards program. Celebrating business growth, innovation and entrepreneurship, the program features three distinct categories including the Technology Fast 50 Ranking, Enterprise Fast 15 category (recognizes fastest-growing enterprise-level technology, media, and telecommunications companies by revenue-growth percentage over their last four years of operation), and Companies-to-Watch Awards (early-stage Canadian tech companies with the potential to be a future Deloitte Technology Fast 50 candidate). Program sponsors include Deloitte, Bank of Montreal, CBRE, First West Capital, Miller Thomson, OMERS Ventures, 3C and Lafond. For further information, visit www.fast50.ca.

About Checkfront - Checkfront Inc is a unified booking management platform that allows tour and activity operators to accept reservations, process payments, track customers, sign waivers and documents, and simplify complex pricing, seasonality, and inventory requirements.
